COMMUNITY CHALLENGE

Sponsored by Prevea Health

The Manitowoc-Two Rivers YMCA would like to announce that in an effort to help the "Building What Matters" Capital Campaign reach our goal, Prevea Health will be sponsoring a Community Challenge. The Community Challenge will be a dollar for dollar match of donations or long-term pledges toward the campaign from July 1 to October 31, 2017. Donations of any giving level will be counted toward the Community Challenge match during this time period.

It is the mission of Prevea Health to have a positive and lasting impact on the overall health of the communities in which they provide service. To further this mission, Prevea Health and Prevea 360 will be partnering with the YMCA as part of their Corporate Wellness initiative and have made a significant commitment to the success of the "Building What Matters" Capital Campaign to renovate the YMCA.

This is your opportunity to join Prevea Health in supporting your local YMCA and the impactful programming that is provided to our community.

Please consider joining Prevea Health in supporting the YMCA "Building What Matters" Capital Campaign. Through the Community Challenge, your donation will be doubled in impact.

BUILDING WHAT MATTERS

Deeply rooted in the community, the Manitowoc -Two Rivers YMCA has served the Lakeshore since 1963. Our building will be fifty years old in 2018 and has provided service to tens of thousands of community members during that time.

Our Y is a community of people dedicated to serving others, nurturing children, and encouraging health in spirit, mind and body. Our facility and programs are the tools we use to build for the future and respond to community needs.

Our current facility, which has served generations, is in urgent need of updating and repair. The proposed renovations will address current facility needs and will position us to respond to future community opportunities.

"We brought the YMCA to Manitowoc, so that we had a community center, a place for people to come together, learn and grow. It is amazing what the Y has done over the last fifty plus years to improve our community."
-Jim Fuhs, one of the first Y members

WE HAVE HISTORY. WE ALSO HAVE A VISION FOR THE FUTURE.

A NEW LOBBY TO WELCOME YOU

Our new lobby will be open and inviting, encouraging conversation and communication. It is the place where friendships are formed, it is the information center of the Y and “community welcome center” to thousands of visitors to the Lakeshore. We look forward to seeing you walk through our front door as a valued user of the Y.

THE WELLNESS CENTER-ROOMS WITH A VIEW AND MUCH MORE

For thousands of people, the Wellness Center is where their personal journey to wellness begins. It is often their first time on a treadmill, first visit with one of our staff and first opportunity to celebrate reaching a goal to a healthier and happier life.

Expanding the Wellness Center will add multi-purpose spaces, additional equipment and will enhance our member’s experience while enjoying the beauty of Lake Michigan as they become healthier every day.

NEW & IMPROVED LOCKER ROOMS

In 2019 we will be celebrating 50 years in our current location. Our locker rooms have served us well for many decades. We know that having safe, clean and user friendly locker rooms is important to our Y members and program participants. The renovation project allows us to completely redo the current locker rooms to address all of the needs and more. Your experience at the Y will be enhanced from the moment you open your locker door to dropping your towel off on the way out to continue your day.

GYM 1 GETS A NEW ATTITUDE

One of our most popular spaces will receive a new interior, equipment and lighting.

Renovations to Gym 1 will allow us to increase programs for all ages, create a more vibrant space filled with energy for Y members and program participants, and allow more program visibility and growth.

Not only is Gym 1 an exceptional program space, it also has historically been the site for events like Healthy Kids Day, Earth Day, Winter Farmer’s Market, Manitowoc County Family New Year’s Eve Celebration, as well as a community shelter in case of emergency or natural disaster.
