FOR SOCIAL RESPONSIBILITY**

## **Youth Sports Class Information** **\*\*BRING WATER TO EACH OUTDOOR CLASS\*\***

Thank you for participating in youth sports programs! These programs will be an introductory experience for your developing athlete. Staff will focus on the kids having **FUN**. They may do games that have nothing to do with the sport. This develops Confidence, Sportsmanship, Friendships, and Self-Esteem. This also breaks up the time for younger children and lets them let loose.

Much of the time will be spent on practicing and skill development. As the session progresses and the players develop, increased time will be spent playing scrimmages. For scrimmages, players will be divided into teams each week. Format of games and practices may be adjusted throughout the season to best suit the players.

It will be the parent's responsibility to make sure your child is interacting with the group in a positive manner. This is a timed class; please respect the integrity of the program. Staff cannot focus solely on one child's repeated inappropriate behavior. Please help in these situations.

**Please fill out the forms found on the YMCA website for ALL YOUTH SPORTS CLASSES.** One per child, per year. (Sept. - Aug.) Forms will be kept on file. Parent and Athlete Agreement, Indemnification Agreement and please read the concussion information sheets.

The program will be led by a Y instructor or an adult volunteer. Volunteers help make classes run smoothly and are a vital part of keeping costs down. Volunteers and Y Staff will help coordinate activities and keep everyone moving in the proper direction (literally). Volunteers must fill out a background check form **BEFORE** you are able to help.

Because weather can be unpredictable, there are two ways to find out if classes are running outside. I would **HIGHLY** recommend you go to the **Y Facebook Page**. This will be the first place that is updated for classes. Afternoon classes will be updated by 3pm each day on the sports hotline phone. Wisconsin weather can change by the hour. If you feel the weather is inappropriate at the time of class please make your own decisions in coming.
