

Home Meet Fundraiser

Home meets are the primary fundraiser for swim team. The funds raised are used to pay meet fees for away meets. It is important that all families who have children swimming participate in the home meets. Without the funds raised at home meets, it may become necessary to charge families to participate in away meets.

The following guidelines have been set in the swim team handbook:

Anyone who has a child participating in a home meet is required to assist in some capacity at the swim meet. If a family member is unavailable to help at a meet, another adult can substitute on their behalf. If not, a \$75 parent non-participation fee will be assessed. An additional \$20 fee will be assessed if a food donation is not provided for the concession area. In order to host a quality meet, parental involvement is necessary. All parents need to check in at each home meet.
