PERSONAL TRAINING SERVICES

MANITOWOC-TWO RIVERS YMCA

PERSONAL TRAINING

Personal Wellness Training

One-on-one training to reach your wellness goals. Whether weight loss, muscular strength and conditioning, injury prevention, flexibility, balance, or a place to start. Our Certified Personal Trainers will help you attain your goals. Personal Training is for youth/adult ages 12+ and all ability levels.

Small Group Personal Training

Enjoy the motivation and accountability with a small group of friends/family. Create a group of 2-4 youth/adults and train together with a Certified Personal Trainer.

Adaptive Personal Training

One-on-one training with a Certified Personal Trainer to improve functional mobility and increase strength for individuals with physical limitations and special needs.

SERVICES

New Member Orientation

Learn how to properly and safely use cardio and circuit machines in the Lifestyle Center. Discuss program and class options that best fit your interests and abilities.

STYKU® 3D Body Scan

STYKU recreates your body in 3D and shows how your shape is changing over time using harmless infrared light. Completely private data that extracts waist, hip, thigh, body fat % and more with medical-grade precision. Check out <https://www.mtrymca.org/styku-3d-body-scanning> to learn more.

Youth Fitness Orientation

Youth ages 12-15 can earn a youth fitness pass (bracelet) to workout in the Lifestyle Center. A child will work with a YMCA Personal Trainer to learn proper use of cardio and circuit equipment. The child must pass the assessment to receive the fitness pass. This does not include the free-weight room (youth ages 12-15 are restricted from the free-weight room).

Well-to-Work

Cardiorespiratory fitness, also known as cardio fitness or aerobic fitness, is often assessed to evaluate a client's capacity to perform at work. A YMCA Personal Trainer will perform the 3-minute step test, 1.5 mile run test or Rockport Walk test based on employer requirements. Results will be provided to client and employer following assessment.
